Take your career to the next level with the Diploma of Work Health and Safety (BSB51319)

What Will You Learn?

The Diploma of Work Health and Safety is designed to develop your understanding of Safety Management Systems, hazards, risks, and emergencies.

The Diploma of WHS will build on your existing knowledge and experience, qualifying you to contribute to the development, implementation and maintenance of WHS systems. You'll learn how to:

- develop hazard management tools to ensure the effective minimization of WHS risks
- contribute to workplaces emergency procedures
- investigate any WHS incidents which occur

Are you ready to take the next step in your career?

Are you experienced in Work Health and Safety (WHS) and want to take your career to the next level? The Diploma of WHS will build on your existing knowledge of Workplace Health and Safety and teach you the necessary skills to lead and participate in the safety management systems in a variety of work environments.

Whether you are an existing Safety Manager wanting to formalise your abilities and enhance your knowledge, or someone wanting to step up in their safety career, then this could be the course for you

This course is perfect for anyone who wants to become a:

- WHS Coordinator
- Safety Manager
- Safety Supervisor
- WHS Advisor
- Safety Inspector

DON'T WAIT,
PROPEL YOUR
CAREER
FORWARD

Course Outline

Course Code:

BSB51319

Delivery Method:

Mixed Mode Delivery (with Workplace Required)

Course Duration:

12 months

Expected Study Hours:

Up to 1050 hours depending on industry experience over 12 months

Assessment Methods:

- Questioning (e.g. written questions/questionnaires, knowledge assessment, self-reflection, self-evaluation)
- Product-Based Methods (e.g. project, practical assessment, case study, and structured tasks)
- Third-Party Evidence (e.g. observation, skills workbook, workplace assessment workbook, logbook, third-party reports)

Entry Requirements

Before undertaking this qualification, students must hold the:

- BSB41419 Certificate IV in Work Health and Safety Core Units (see page 7)

It is recommended that students:

- are 18 years or older
- have sound language, literacy, and numeracy skills (at least Year 10 English, or equivalent)

Students are also required to:

- obtain a Unique Student Identifier (USI)
- provide a valid ID with picture and signature
- undertake a Language, Literacy and Numeracy Evaluation
- undertake a Personal Learning Plan Evaluation before accessing the course materials and commencing studies

All students considering a self-paced online course should give consideration to the following prior to enrolment:

- ability to access any required technologies
- information technology skills in accessing and using online programs
- experience and self-motivation to learn on their own
- competing pressures, such as work and family commitments, that may impact self-paced study time

Take our "[Online Study Readiness Survey](#)" to complete a self-assessment! Visit the [Inspire Education FAQ page](#) for more info.

Inspire Education works with a range of reputable parties to market and recruit for national qualification and courses. Students of Inspire Education may be recruited by other parties under specific arrangements.

Course Outline

Inspire Education (RTO #32067) will provide you with first-class training and student support while you undertake your studies in the Nationally Recognised BSB51319 Diploma of Work Health and Safety. This qualification supersedes and is equivalent to the BSB51315 Diploma of Work Health and Safety. Inspire Education is committed to providing quality training in the field of community services, offering a range of Nationally Accredited training options designed to meet the needs of students, businesses and industry.

Training Delivery

This Safety Diploma course has been specifically designed to develop the knowledge and skills required to work effectively with workplace Safety Management Systems in a range of industry contexts.

Students are able to complete their training from anywhere in Australia, from remote areas and small towns to major cities like Sydney, Melbourne, Perth, Brisbane or Adelaide.

The most effective and popular method of delivery is via **Mixed Mode Delivery**. This course will be self-paced and completed via distance education using Inspire Education's online student portal. Delivery includes face to face webinars, self-paced study, directed research and online learning and assessment materials and activities. We have a continual intake of students on this basis, so you can enrol straight away!

Learner Cohorts

You'll need to complete a Personal Learning Plan Evaluation as part of your enrolment. You'll then be provided with a training plan that identifies your cohort, taking into account your existing level of relevant knowledge and skills. The amount of training and support required for each learner will vary on these four cohorts:

Beginner Cohort (Full Study Model) – includes learners who are interested in a supervisory work health and safety role without any previously completed formal qualifications; learners who may be unemployed or looking for a career change; **study hours is up to 1050 hours**

Intermediate Cohort (Partial Study Model) – includes learners who are interested in a supervisory work health and safety role without any previously completed formal qualifications, but may have some minor work experience related to safety or business for less than a year; learners who are currently employed and seeking career advancement; learners who may have previously completed an unrelated Certificate IV or Diploma qualification, or a Certificate III in Work Health and Safety, Business, or similar qualifications within the BSB Training Package; also learners who have previously completed the BSB41419 Certificate IV in Work Health and Safety or its equivalent older qualification, and is currently practicing in a supervisory work health and safety role; **study hours is up to 760 hours**

Advanced Cohort (Partial Recognition Pathway) – includes learners who are interested in a supervisory work health and safety role, a leadership/coordinator role, or other similar roles, but does not have any recent industry experience; also learners who may be working in a supervisory safety role for their own business without any formal qualifications for at least a year; also learners who have extensive safety experience for two years or more who are seeking career advancement or change; also learners who have previously completed superseded versions of this qualification; also learners who have completed the BSB51312/BSB51315 Diploma of Work Health and Safety, but does not have any relevant recent work experience; **study hours is up to 610 hours**

Expert Cohort (Assessment Only) – includes learners who are currently working as a safety supervisor for more than 5 years; also includes learners who hold the BSB51312/BSB51315 Diploma of Work Health and Safety and are engaged in supervisory work health and safety work; **study hours is up to 460 hours**

Why Study with Inspire Education?

- ✔ Inspire Education has a reputation as a leading Australian provider of quality training
- ✔ We train hundreds of Australians every year!
- ✔ All Inspire Education courses are nationally accredited and nationally recognised
- ✔ Our trainers are industry experts and extremely passionate
- ✔ Enjoy premium student support services and unlimited access to your trainer
- ✔ Easy to follow student resources to help you reach your goals faster
- ✔ Our courses are competitively priced and delivered to the highest standard
- ✔ Your choice of a range of flexible study options

Recognition of Prior Learning (RPL)

RPL is offered to any learner who can provide evidence of competency for the units offered within this qualification. This can include any previous training (formal or informal) of previous life or work experience. The RPL process is really straightforward, simply indicate on your enrolment form that you would like to apply for RPL and once your enrolment is confirmed, you will receive an RPL pack to help with evidence collection. You may talk to your trainer to go through potential RPL opportunities that you may have missed. [Click here](#) for your RPL Guide.

Qualification Pathways

The Diploma of Work Health and Safety is suitable for anyone looking to further their education in the safety industry, and seeking to gain additional safety management knowledge.

Once enrolled in this course you can also consider additional training to complement your safety management skills:

- BSB60619 Advanced Diploma of Work Health and Safety
- BSB50420 Diploma of Leadership and Management
- BSB50820 Diploma of Project Management
- TAE40116 Certificate IV in Training and Assessment

Please read our policies and procedures in the Inspire Education Student Handbook before enrolling by [clicking here](#).
